

09/21/2017: The SEC has also been hacked

(U.S. Edition) Yet another cyber breach has been disclosed. The Securities and Exchange Commission has revealed that hackers got into one of its computer systems last year. We'll look at how they could have used the information they accessed to make illegal stock trades. Afterwards, we'll discuss a possible merger between T-Mobile and its rival Sprint, and then talk about German Chancellor Angela Merkel's political comeback.

About the Show

News happens while you sleep. Marketplace Morning Report gives you a head start on the day. Throughout the morning, host David Brancaccio shares the latest on markets, money, jobs and innovation, providing the context you need to make the smartest decisions. And from London, host Anu Anand presents Marketplace Morning Report from BBC World Service to bring you up to speed as the global economy shifts. It's the world perspective you need, from two trusted sources.
